

Flora & Fauna of North Wales

A GARDEN BREAK FOR THE CONNOISSEUR

01

Bodrhyddan Hall is a Grade I listed building and has been the home of Lord Langford and his family for over 500 years. The gardens cover some eight acres of land, including the formal parterre, flowing lawns and the extensive pleasance. The Woodland Walk area was reclaimed in the early 2000's. The grounds are home to dozens of species of birds, amphibians and mammals.

02

Bodnant Garden, one of the UK's finest garden, spread over 80 acres and famous for its Rhododendrons, Camellias, Magnolias and Laburnum Arch. An open area of parkland featuring meandering grassy paths and 20 species of old grasses have now opened and with the garden now open during the winter months there has never been a better time to visit.

03

Plas Cadnant – recently discovered Hidden Gardens – described as one of North Wales best kept secrets. Picturesque Valley Gardens, dramatic rock formations, river, waterfalls and woodland with red squirrels. Many interesting and rare plants; beautiful herbaceous borders; colourful displays through the seasons. Traditional Tea Room and Visitor Centre.

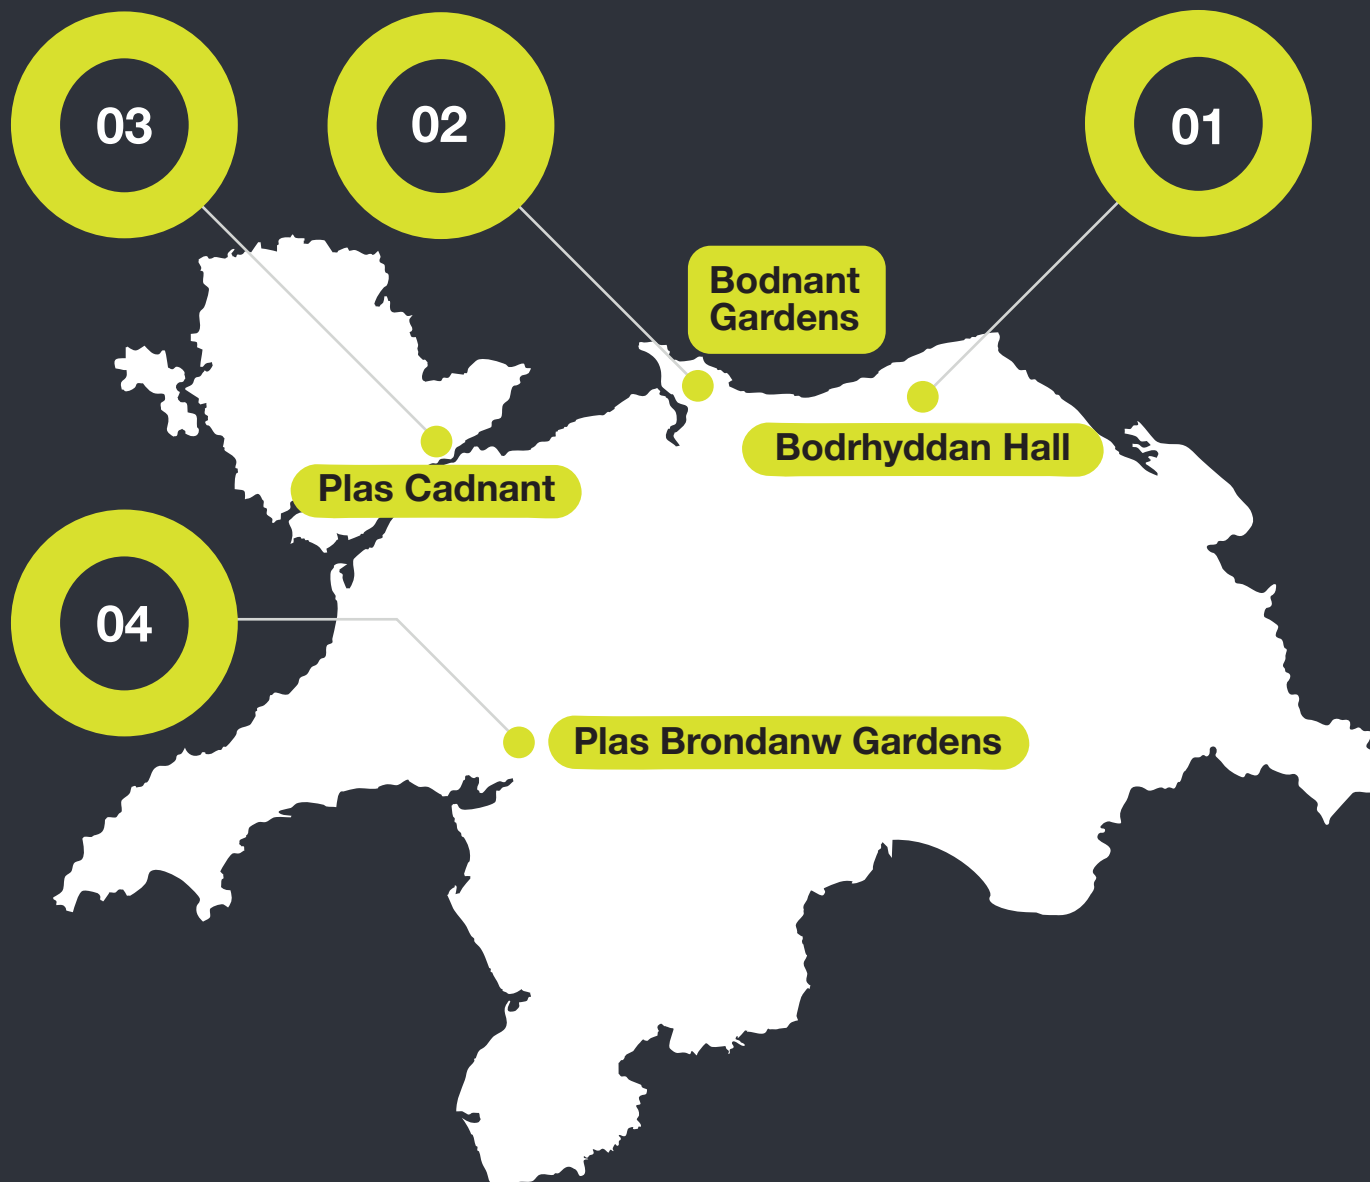

04

Plas Brondanw, the home of Sir Clough Williams-Ellis which is an architectural garden with statuary, terraces and yew topiary. The gardens at Plas Brondanw are on designed axial views, which terminate with the surrounding mountain peaks. Mature Yew hedging forms the vistas to draw the eye. Some regard the gardens and sculptures as his most marvellous creation and given the magic of Portmeirion that's some claim!
